

Naturally derived amino acid-nutrient complex that enhances tissue absorption of nutrients, increases mobility throughout the plant, promotes rapid physiological response, minimizes phytotoxicity and environmental impact.

Ease of Use

- Clean and safe to use
- Compatible with other foliar products

Key Benefits

- ✓ Vital for cell wall formation and stability, leading to stronger plant tissues.
- ✓ Strengthens plant cell walls, reducing susceptibility to diseases and pathogens.
- ✓ Prevents calcium deficiency-related disorders like blossom-end rot in tomatoes and peppers.
- ✓ Enhances the firmness, shelf life, and overall quality of fruits and vegetables.
- ✓ Promotes strong root growth, improving overall plant health and nutrient uptake.
- ✓ Quickly addresses calcium deficiencies, which can cause issues like leaf tip burn and poor fruit development.
- ✓ Increases plant resilience to environmental stresses such as drought and salinity.

Crop Types

Delivery Foliar

Application Rate = 1 qt - 10 gal/ac

Planting

Vegetative

Early Growth

Pre Bloom through Fruit Set

Apply as needed according to soil & tissue test recommendations
