GENERAL INFORMATION

LEAF LIFE® 2% BORON SOLUTION is a concentrated single element product designed for use as iar or soil applied nutrient on organically grown crops as part of a balanced nutrient management program.

DIRECTIONS FOR USE:

LEAF LIFE 2% BORON SOLUTION may be applied to the soil by means of broadcast spray, planter band, sidedress, or shank equipment. LEAF LIFE 2% BORON SOLUTION may be applied as a foliar spray to the growing crops by means of air or ground equipment with sufficient amounts of water to obtain thorough coverage. LEAF LIFE 2% BORON SOLUTION may be applied to soil or growing crops by means of irrigation water.

WARNING INFORMATION

LEAF LIFE 2% BORON SOLUTION or Boron as a nutrient in general, can be toxic to plants if over applied. Extreme caution should be used in determining rates regarding placement and concentration of Boron to provide needed nutrition and avoid crop damage. Soil deficiency for Boron must be documented by testing. Low rates such as .25 lbs Boron (B) per acre (less than 1.4 gallons of LEAF LIFE 2% BORON SOLUTION per acre) should be used with foliar applications, concentrate planter band, or shank applications. Apply up to, but not more than, 0.5 lbs actual Boron – 2.8 gallons of LEAF LIFE 2% BORON SOLUTION per applied acre per single application. Additional applications may be made not to exceed 1.5 lbs of Boron per crop year. Always consult your crop advisor as to rates, concentration, method of application and crop sensitivity prior to using LEAF LIFE 2% BORON SOLUTION.

A compatibility test is recommended before tank mixing with other products. User assumes full responsibility to ensure product equipment and plant compatibilities.
